

Name:

## Year 1 Spring 1 Maths Homework

This half term we would like children to work on their fluency of addition within 20. We are asking that parents spend 5 minutes (or more) with their child each week playing an interactive game of Splat to improve their child's 'addition' score. Splat is situated on the playground outside the Year 1 classrooms, should you wish to use it!

+	1	2	3	4	5	6	7	8	9	10
1	2	3	4	5	6	7	8	9	10	11
2	3	4	5	6	7	8	9	10	11	12
3	4	5	6	7	8	9	10	11	12	13
4	5	6	7	8	9	10	11	12	13	14
5	6	7	8	9	10	11	12	13	14	15
6	7	8	9	10	11	12	13	14	15	16
7	8	9	10	11	12	13	14	15	16	17
8	9	10	11	12	13	14	15	16	17	18
9	10	11	12	13	14	15	16	17	18	19
10	11	12	13	14	15	16	17	18	19	20

### Instructions for the game Splat.

Team 1 = carer/ adult - touches a number on their side of the grid ex. 2.

Team 2 = child touches any other number and says the answer to the addition ex. 10...  $2 + 10 = 12$

Each correct answer is worth 1 point.

Record the number of points your child scores within 5 minutes, each week, in the grid on the reverse. Please hand the completed sheet to the class teacher on Monday 10th February. Children who have made great progress may be invited to play beat the teacher at Splat!

**Extension:** Should your child be fluent in addition to 10, then extend the game by increasing the numbers by 10.

Team 1 = carer/adult - touches a number on their side of the grid ex. 8 becomes 18

Team 2 = child touches another number eg 4 becomes 14.  $18 + 14 = 32$ . Joggings may be used!
