

Principles

Always tell an adult if something is wrong

We are responsible for our safety on the internet

What is the internet?	What do we use the internet for?	What dangers does the internet have?
<p>The internet is an online series of websites that gives us information.</p> <p>It is developed by millions of people across the world and is one of the greatest inventions in our lives.</p>	<p>The internet is full of information on any topic you can think of.</p> <p>We can also talk to friends and family through different apps and websites.</p> <p>There are many games we can play for free, which entertain children.</p>	<p>The internet can get viruses on our computers, which stop them working.</p> <p>People can trick others to get money from them.</p> <p>Some people might want to harm others and use the internet to trick people.</p>
What should we do to prevent bad things happening?	What should we do if something bad happens?	What are the top tips for being safe?
<p>We should always be careful what we click on.</p> <p>Never download anything from the internet by ourselves.</p> <p>Only go on websites that adults say are trustworthy.</p>	<p>Always tell an adult if something is wrong.</p> <p>Leave your computer straight away.</p> <p>If anyone tries to contact use then we should Tell an adult straight away (SMART rules).</p>	<p>We prevent bad things happening to us.</p> <p>If something bad happens then we follow our SMART rules.</p>
